

### **DETAILED ACTION**

Claims 1, 10, 13 and 14 are allowed.

### **Reasons for Allowance**

The following is an examiner's statement of reasons for allowance: In response to the pre-brief appeal conference decision filed 2/10/2011 the application was found allowable. The closest prior art Antoni-Zimmermann et al. (US 2003/0199490) teaches choosing from various compounds to formulate a composition comprising DDAC and imazalil. However, there is no motivation provided to optimize the ratio of DDAC and imazalil to the ratio of 1:50 to 2:1. Applicant's showing of unexpected results have overcome the rejection.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Jeremy McKown on 4/20/2011.

Cancel claims 2-8, 11 and 12.

### ***Conclusion***
